# 2026 SUMMER CAMPS

Get ready for the best summer ever at Songbirds! Our Summer Camps are filled with exciting themes, beloved favorites, and hands-on art experiences that spark creativity and imagination—from clay and painting to magical worlds and pop culture fun.

At Songbirds, camp is about more than art— it's about confidence, creativity, and community. Campers are encouraged to explore, take creative risks, and be themselves in a safe, supportive space. We can't wait to create, laugh, and make lasting memories together this summer.

"It was my 7 year old daughters first experience here as a summer camper. She loved it!! Talked about it from the time she left until she went to bed. She can't wait for tomorrow! She was so nervous that the teachers were not going to be nice and she said they were "sooooo nice". I'm so glad I took a chance on something different."

"First day of summer camp and she had a great time. Thank you songbirds for all you have done and making this a safe and wonderful camp for her to enjoy. "

"Seriously, the staff alone is worth choosing songbirds."

"What a warm and welcoming environment and group of people. It's nice to still find people who really care about what they do. An essential part of our community, and the fact that they persevered through these last couple of super challenging years really says something about their reputation and dedication. Highly recommend! "

"My 12 yr old daughter attends an art class. I have not seen her get so excited about anything other than her technology interests in quite some time...she absolutely looks forward to coming to class each week. Excited to be learning new skills, she has expanded her abilities in a very short amount of time, and wants to learn more!"

"Songbirds is our go-to place for all things art! My oldest has participated in almost everything art they have to offer"
